Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

The image shows a digital brainstorming and idea prioritization template. It is divided into several sections, each with a numbered icon and a title. The sections are:

- 1. Brainstorm & Idea Prioritization**: This section includes an introduction to brainstorming, a list of objectives, a set of rules, and a list of steps.
- 2. Define the problem statement**: This section includes a problem statement, a list of objectives, and a list of constraints.
- 3. Generate ideas**: This section includes a list of ideas and a list of priorities.
- 4. Evaluate ideas**: This section includes a list of evaluation criteria and a list of evaluation results.
- 5. Select the best idea**: This section includes a list of selection criteria and a list of selection results.
- 6. Implement the idea**: This section includes a list of implementation steps and a list of implementation results.

The template also includes a large grid for evaluating ideas, with columns for 'Idea', 'Priority', 'Evaluation Criteria', and 'Evaluation Results'. The bottom of the template features a row of icons representing different stages of the process.
